A pleasing personality covers almost all kinds of sins.

If you are a professional "anti," don't expect to have friends among regular folks.

Mere joyousness is not a sign of sense. A canary seems happy enough but the owl who hoots at everything and keeps silent otherwise has the reputation for wisdom.

## AMUSEMENTS

GEORGE WALSH AT THE BUTLER THEATER TODAY

George Walsh, the popular William Fox star, will be seen at the Butler today in his latest picture, "I'll Say So," and all those who admire the George Walsh brand of dash and ginger will not be disappointed in this production of his, for it is ever present in new and startling surprises. "I'll Say So" is the story of a young American, who wanted a German hunting license as soon as he heard that the United States had declared war. He had that met, however, and as the Germans were fast runners, Uncle Sam turned him down, because he needed men who could keep up with them. George may have been too slow for the army but he certainly was not too slow for a number of German agents who were desperately engaged in stirring up a bush league war with Villa. A Mexican raid staged with all the elaborateness of a serious drama is but a mere incident to form a background for the rapid fire action of the hero.

Added to the feature will be the Ford Educational Weekly, a Mutt and Jeff comedy, making a program that is hard to beat.

Tomorrow, Corinne Griffith, in a Robert W. Chambers story, "The Girl of Today." It is good. Also "The Native State," "The Son of Democracy" picture, with Abraham Lincoln.

## GOLD CIRCLE IS ENJOYING BOOM

A. A. Primeaux, well known business man of Midas, says there is no question that Gold Circle district will soon be in the throes of a mining boom of considerable proportions. So many people have already gone to the accommodations of Midas are taxed to the limit, but building operations are going ahead to provide quarters for the increased rush that is expected.

Many new mining deals have been consummated lately. Among the big mining men who have visited the camp is L. D. Gordon of Round Mountain fame. George Wingfield is expected in Midas in a few days. It is reported that he has become associated with Berry Brothers and Gordon on the Missing Link and Jackson properties, on which rich strikes have recently been made.

The Elko Prince mine, so far the leading property of the camp, is making steady bullion shipments, amounting to between \$10,000 and \$15,000 monthly. This property has been developed to a depth of 350 feet on the vein, which maintains its width and values, proving that the Gold Circle veins go to depth. This proof is one of the leading factors in attracting renewed attention to Gold Circle, a district which was born during the 1907 panic and never before had a fair chance to prove its worth.

Now that conditions have changed, Gold Circle will soon reach a position in the leading rank of Nevada mining camps and those who stayed with it during the dark days will reap their reward.

## VICTIM OF GAS VISITS DIVIDE

Captain L. W. Whiting, one of the heroes of "over there," quietly slipped into Tonopah this week. Captain Whiting is a member of the 2nd engineers, and saw eighteen months' active service. He was decorated with the Croix de Guerre and Palm—the third highest French decoration. Captain Whiting's company was the first to come to the aid of the Marines in the treacherous first flight. The captain was gassed and just lately was discharged from Letterman hospital at the San Francisco Presidio.

My major told me to seek a higher altitude for awhile," I read Jimmy Grimes' story in the Bulletin and heard of the Divide Boom from other sources and decided that this altitude would be just about right for me." The visitor remarked: "They told me that sleeping accommodations were all—so I brought my roll of blankets along—and am prepared to 'top' anywhere. After active service abroad a man is not so particular and is prepared to make the best of things. At one time I spent two weeks in the trenches without removing my clothes—the clothes were just about to take them off. I was forced to remove and destroy all of my clothes, excepting the metal insignia. Some of the boys say they don't mind the clothes for they keep them warm."

Captain Whiting has found many of his friends from Alaska and other camps where he participated in the activities. He plans to make a thorough investigation of the possibilities here with the view of returning to take part in development work.

## WALKER LAKE ROAD SURVEY IS APPROVED

The road along the west side of Walker Lake has been approved by the state highway commission and a survey party is now making estimates. The completion of the new road will provide a shorter and direct route between Reno and the new Divide district without encountering any serious grades. The taking over of the old road bed of the Las Vegas and Tonopah railroad and the routing of a road over it from Tonopah to Las Vegas will complete a north and south system of roads, which has long been needed in Nevada.

## EXPRESS TRAIN SERVICE STARTED THIS MORNING

Beginning this morning the Tonopah & Goldfield railroad restored express passenger service by establishing the daily freight train to take care of the switching in Tonopah and hauling freight between Goldfield and Mina. Train No. 24 will arrive on the Sunday schedule at 5 a. m. and leave for Goldfield at 5:15 a. m. Train No. 23 from Goldfield will arrive at 9:25 and leave at 9:28 sharp. Mail for No. 23 will close at 8:50 at the local postoffice.
